25-word description	The **nScan® 700gt with AmbirScan Business Card Reader** is a durable and compact scanner. Included software digitally "reads" and stores business cards, simplifying contact management.
50-word description	With an innovative design and a compact size, the **nScan® 700gt with AmbirScan Business Card Reader** is durable, portable and versatile, allowing for productivity wherever you go. Included software digitally "reads" and stores business cards, simplifying contact management. It also offers multiple scan locations, allowing for increased options and flexibility.
Feature Bullet List	**Import Contacts Directly to Outlook.** Included Single PC Business Card Software License provides compatibility with Microsoft Outlook, making importing and exporting contacts easy and hassle-free. Automatic detection of duplicated information when adding new contacts to an existing Microsoft Outlook database saves you valuable time. **Data Backup.** Never lose business card information again with automatic data backup creation. Scanning cards creates a .CSV file to store and backup data. **Work Faster.** With AmbirScan's automatic card orientation detection and Quick Scan features, scanning is fast, easy, and accurate so you'll never waste valuable productivity time. **Scan to Cloud.** The included AmbirScan capture software makes your scanning easy. Save PDF, TIF, or JPEG images to one of these popular cloud services: Box, DropBox, Evernote and Google Drive. **Productive and Flexible** With scanning up to 20 pages per minute (ppm), the 700gt captures high quality images of multi-page documents through the automatic document feeder. Provides front and rear side loading options for card scanning. **A Complete Solution** The 700gt includes AmbirScan software, making scanning and finding documents easy. An advanced TWAIN driver enables use with other scanning applications. **Customize Your Scanning** Included AmbirScan software offers customizable scan profiles, automatically enabled auto scan abilities and a large variety of output types, enabling you to scan to PDF, TIFF, JPG, Searchable PDF, Word or Excel. **Search and Naming Capabilities**

	AmbirScan offers highly competent search and naming capabilities. Search functionality allows categorization of documents through search by document content and tags while keyword file naming searches scanned documents for automated naming options.
