50-word description	The Ambir nSign SP110 eSignature Solution is sculpted to carefully fit the signer's hand. Its compact size is perfect for virtually any space. Citrix ready and with pressure-sensitive capture technology, multi-file format, save signatures and built in biometrics keeping every signature secure, the nSign SP110 is the choice for you.
Feature Bullet List	<ul style="list-style-type: none"> • The real thing. Each signature has its own personality. The Ambir nSign SP110 captures every nuance with pressure-sensitive "Natural Capture" technology. • It just fits. The Ambir nSign SP110 is sculpted to carefully fit the hand of the signer, and its compact size allows it to fit on virtually any desk or in any travel bag. • Make a statement. With the included Slideshow Manager application, anyone can upload their logo or promotional material for more impressions at high-traffic areas. • Secure your signatures. You can trust built-in AES encryption, RSA signaling and signature biometrics to keep every signature locked up tight. • Easier than ink. A four-inch screen means it's easy to fit even the longest signatures. And a backlight ensures that even in low light, it's effortless to use. • Two-year warranty. The Ambir nSign SP110 comes with a two-year limited parts & labor warranty, along with comprehensive, North American-based phone support.
