50-word description	The **ImageScan Pro® 690gt with AmbirScan Business Card Reader** is a unique vertical card scanning machine. The 690gt-BCS scans both sides of cards in one go and results in high-quality scans. It handles cards in one second while the software digitally "reads" and stores business card contacts, simplifying contact management.
Feature Bullet List	**Import Contacts Directly to Outlook.** Included Single PC Business Card Software License provides compatibility with Microsoft Outlook, making importing and exporting contacts easy and hassle-free. Automatic detection of duplicated information when adding new contacts to an existing Microsoft Outlook database saves you valuable time. **Data Backup.** Never lose business card information again with automatic data backup creation. Scanning cards creates a .CSV file to store and backup data. **Work Faster.** With AmbirScan's automatic card orientation detection and Quick Scan features, scanning is fast, easy, and accurate so you'll never waste valuable productivity time. **Scan to Cloud.** The included AmbirScan capture software makes your scanning easy. Save PDF, TIF, or JPEG images to one of these popular cloud services: Box, DropBox, Evernote and Google Drive. **Ultra-Compact Footprint** The nScan 690gt takes up far less space than ADF or flatbed scanners. That makes it perfect for crowded desks and tight workspaces. **Front Facing Eject Mode** Cards and documents are scanned and ejected at the front of the scanner. No more reaching around the back of the scanner. **Broad Compatibility** The included TWAIN driver ensures compatibility with thousands of software applications and hardware systems. **Complete Solution** AmbirScan capture software makes scanning easy. Save scans as PDFs, TIFs or JPGs to your local computer or popular Cloud services such as: Box, DropBox, EverNote, Microsoft OneDrive and Google Drive.
