

AMBIR

AMBIR Solutions For Healthcare

AMBIR™

The Trusted Leader in Scanning, Signing, and Printing Solutions for Healthcare Practices.

AMBIR is a leading manufacturer of high-quality digital scanning and signing solutions for the healthcare industry. Known for exceptional quality and low total cost of ownership, AMBIR has been a trusted partner in the Healthcare community for over 15 years with expertise servicing and supporting the unique needs of healthcare practices, large and small.

Healthcare customers choose AMBIR because:

- **Lowest Total Cost of Ownership in the industry** – we routinely save our clients thousands in equipment costs annually
- **Knowledge and Experience** – Our US-based sales and support teams have served the Healthcare community for over 15 years with exceptional service and familiarity of EMR workflows.
- **Ease Of Doing Business** – AMBIR products are well known and available through various online resellers

The AMBIR Product Line includes a diverse catalog of scanners meant to meet the demands of fast-paced healthcare offices and facilities.

The catalog includes:

- Portable and desktop scanners for Insurance and ID Cards
- High speed ADF Scanners
- Barcode scanners
- Electronic signature pads
- Thermal printers

Let us find your perfect solution.

We recently saved a major hospital system \$1 million on their scanner hardware refresh by switching from a competing model to Ambir.

Handles cards and documents with ease.

All AMBIR products are:

ImageScan Pro® 830ix
Part Number # DS830IX-AS

A smart option for handling more paperwork.

ImageScan Pro® 340
Part Number # DS340-SE

Designed for bulk jobs and heavy workflows.

nScan® 1060
Part Number # DS1060-AS

Versatile and powerful to tackle any job; including passports.

Find your Fit.

When documents pile up, you need a solution that fits your needs.

So why choose a scanner that makes you pay a higher price for features you never utilize or one that can't handle all that you need to scan?

Find your fit with an ImageScan Pro® 820ix high-speed scanner.

ImageScan Pro® 820ix

20ppm High-Speed ADF Scanner
Model # DS820IX-AS

Tackle anything from a single insurance card to an entire patient chart with the push of a button.

Durable feeder handles paper, plastic & bulk tasks of up to 3,000 daily duty scans.

Capture clear images from legal-size documents to insurance & ID cards of up to 600dpi.

Flexible design and collapsible trays fold up to be more compact in tight spaces.

Speed Up Your Process.

When your practice deals with high volumes of charts, documents, ID cards and patient forms, you require the best in scanning. Our DS340-SE and DS1060-AS scanners dominate in both speed and performance without breaking your IT budget.

High-Speed ADF Scanners

ImageScan Pro[®] 340

40ppm High-Speed ADF Scanner
Model # DS340-SE

nScan[™] 1060

60ppm High-Speed ADF Scanner

LP400 Thermal Laser Printer

Requiring no ink or print ribbon, the LP400 thermal label printer will cut your printing costs by up to 50% over traditional ink-jet printers. Easy to set up and use, the AMBIR LP400 can be up and running within minutes.

SP110-NG

AMBIR nSign SP110 eSignature Pad for Nextgen

Our AMBIR nSign solutions are designed to optimize your authorization process by digitally collecting signatures for your forms. Save time and resources while lowering your overall cost compared to a paper system by choosing AMBIR signature pads.

Ensure the future of your scanner.

A good scanner should be built to last over time and through repeated use. At AMBIR, we believe in creating affordable solutions that are intuitive to use and easy to maintain. When you buy AMBIR, you're getting more than just a great scanner. You also get comprehensive U.S.-based phone & online chat support, extended warranties, and consumables built specifically to pair your device.
