

## Box Contents:

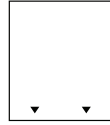

1 nScan® 690gt Scanner

1 6' (1.8m) USB Cable

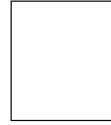

1 Installation Guide

1 Calibration Sheet

Please keep the calibration sheet as the scanner requires periodic calibration.

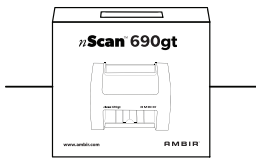

1 Cleaning Sheet

For best results, add a few drops of alcohol onto the cleaning sheet.

## Getting Started:

- 1** Review the contents of your scanner box.

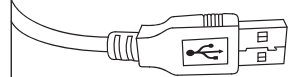

- 2**

Go to [ambir.com/nscan690gt-setup](https://www.ambir.com/nscan690gt-setup)

to download and install drivers and software.

- 3**

Plug the scanner into your computer using the provided 6' USB Cable.

- 4** Double-click the AmbirScan icon on your desktop to open and use the AmbirScan scanning software.

- 5**

Your Ambir scanner is now ready to use!
