Features & Benefits:

Search and Naming Capabilities

AmbirScan offers highly competent search and naming capabilities. Search functionality allows categorization of documents through the ability to search by document content and tags while keyword file naming searches scanned documents for automated naming options.

Scan to Cloud

Never worry about losing a document. AmbirScan software allows you to save scans directly from the application into several popular Cloud services, such as Google Drive, Evernote, and DropBox as well as save to any folder on your PC or network.

Ultra-Compact Footprint

The nScan 700gt is an innovative hybrid sheet-fed scanner with ADF capabilities. Taking up far less space than traditional ADF or flatbed scanners, it's perfect for a variety of environments, including desks and for mobile users.

Straight-to-PDF Scanning

With included AmbirScan capture software, users can scan directly to industry-standard PDF formats and save to any folder on your PC, network or popular cloud services.
