

With its innovative vertical feed, the USB-powered AMBIR PS670st card scanner offers ultra-fast, single-sided capture of all your cards. The PS670st delivers beautiful image quality in color or grayscale, and takes up minimal desk space in busy office environments.

Imaging Software Included.

Enjoy the quick and easy workflow our bundled AmbirScan software solution offers. Enhance your scanning experience with a variety of features like auto-scan, file formatting, and save to cloud.

Automated Imaging.

When your scanner captures images as fast as you can feed it, you save time. AmbirScan lets you continuously scan documents without stopping for a prompt or reset, so you can work quickly and efficiently.

Superior Image Output.

High-speed performance without compromising image quality. Create true 600 dpi images that meet or exceed the standards required by third-party software companies.

Designed for Speed.

The AMBIR PS670st Card Scanner is the fastest single-sided card scanner on the market. Designed to scan a card in under two seconds, creating beautiful quality images in color or in grayscale.

PS670

Simplex Card Scanner with AmbirScan

MSRP: \$239.95

INCLUDES LIMITED PART & LABOR
COVERAGE WITH COMPREHENSIVE
U.S.-BASED PHONE & CHAT SUPPORT

Vertical Feed Path.

The vertical feed path of the PS670st makes feeding cards incredibly easy. Its unique and compact design allows the scanner to take up less desk space, making it perfect for a busy office.

Broad Compatibility.

The included TWAIN driver ensures compatibility with thousands of software applications and hardware systems.

Kensington™ lock slot.

An industry standard Kensington lock slot lets you easily secure the scanner to your work surface to prevent theft and accidental drops.

Zapier Workflow Automation.

Connect your scanner to 6,000+ apps with built-in webhook integration. Requires Zapier Professional.
