The Trusted Leader in Scanning, Signing, and Printing Solutions.

Why Choose AMBIR?

AMBIR solutions are compatible with and easily implemented into leading Credit Union CORE Systems. Our wide product breadth delivers solutions for the teller station, back office, and loan office environments. Engineered for the needs of Credit Unions, our products deliver years of service and value to our credit union members.

Lowest Total Cost of Ownership in the industry.
We routinely save our clients thousands in equipment costs annually.

Knowledge and Experience.
Our US-based sales and support teams have served the Healthcare community for over 20 years with exceptional service and familiarity of modern workflows.

US-based Support.
Wherever you are, our US-based support team and dedicated sales people are ready to provide you with the best possible care.

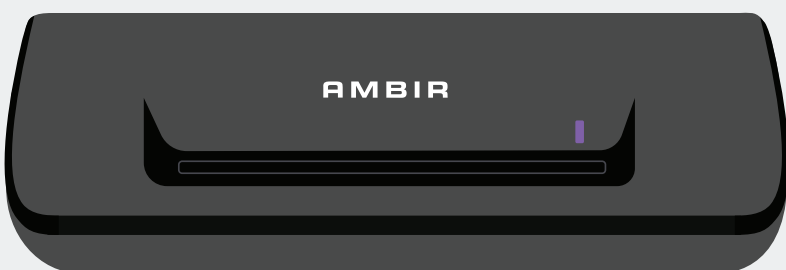

AMBIR solutions help in addressing Patriot Act/CIP and KYC compliance needs.

Wireless Barcode Scanner with
2.4Ghz USB Charging Station

Digital Signature Solutions

Easier Than Ink

Our eSignature solutions are designed to optimize your authorization process by digitally collecting signatures for your forms. Save time and resources while lowering your overall cost compared to a paper based system.

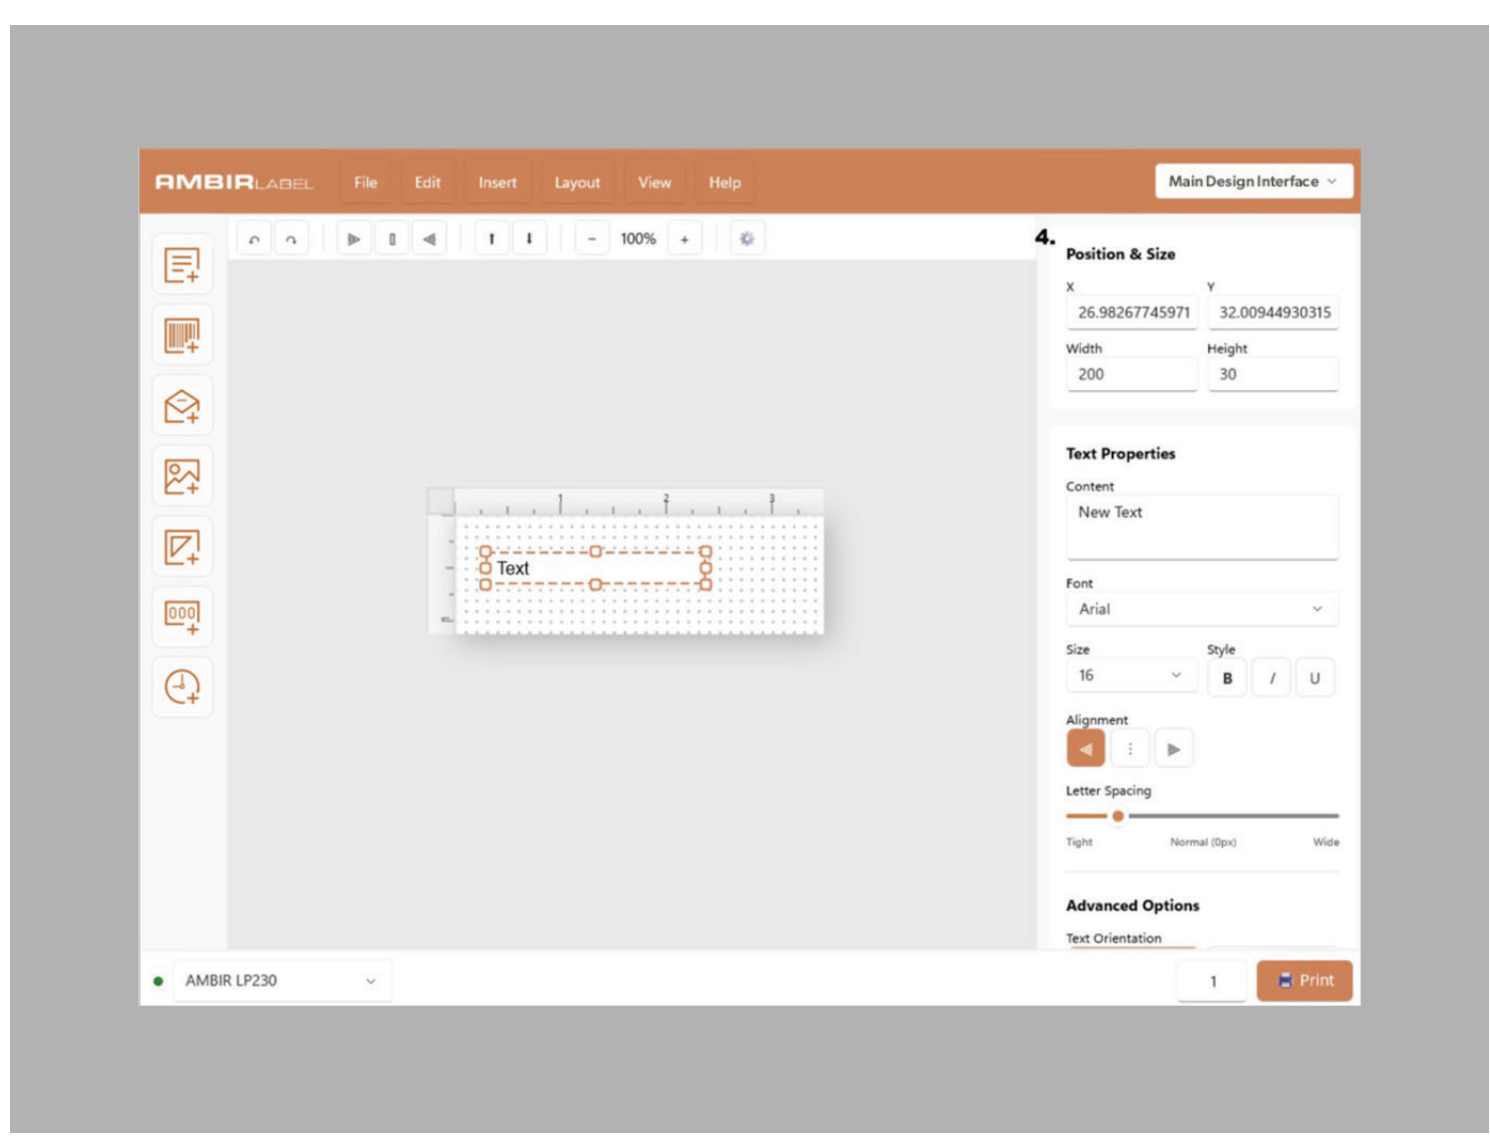

- Save signatures in TIFF, PNG, BMP, JPEG or GIF format
- Built-in AES encryption, RSA signaling and signature biometrics to keep every signature secure

Thermal Printers

Professional Grade Quality

Requiring no ink or print ribbon, AMBIR Thermal Printers will cut your printing costs by up to 50% over traditional ink-jet printers. Easy to set up and use, our units can be up and running within minutes to serve your label printing needs.

Includes AmbirLabel Design Software

Ensure the future of your product!

A good piece of hardware should be built to last over time and through repeated use. We believe in creating affordable solutions that are intuitive to use and easy to maintain.
